HOWDY

Customers, Old, New or Prospective:

At the threshold of another planting season in the new year of 1926, we come to you with our modest little PRICE LIST and extend our greetings and best wishes for your success and happiness, which may come from the planting, cultivation and fruiting of the fruits and flowers which we have to offer you for the planting of your gardens and home grounds. We want you to know that we appreciate your patronage in the past. Your good will is an asset to be proud of for it has enabled us to keep on at a business for 36 years, 34 of them being passed at Boonville, where we went in and out. Our life and work there is an open book—nothing to conceal.

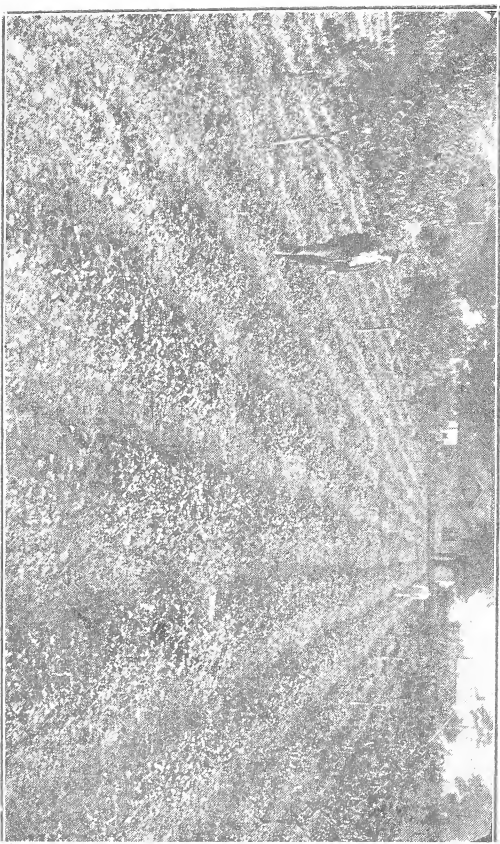

Conditions and times brought a change and 1926 finds us entering our second year at Carthage, in the Imperial County of Jasper, doing our best to adapt ourselves to our new surroundings. We are still pursuing the same vocation and conducting our business under the same policy of selling direct to our customers under a positive guarantee that all stock sold is exactly as represented or no sale—your money refunded if not satisfied. We want each one to feel that he is getting value received for his money.

We are doing our best to make this old world a better place to live each year, remembering we pass along the road but one time, and we want to scatter some fruits and flowers as we go by. A "Home is not a good home until it is planted." Let us help you make it a still better one.

Ready to serve you in any way we can along our line,

H. W. JENKINS & SON.

Any man in this day and age of high priced labor and material who offers plants at a dirt cheap price, it is safe to guess, is getting all they are worth. Cheap prices simply mean inferior stock grown and handled by cheap methods that prove dear in the end to the planter. One live plant is worth more than 100 dead ones. Beware of the man who offers you something for nothing.

Our Cut is Used by the Carriage Chamber of Commerce on all their Envelopes.
W H Y?

STRAWBERRIES

Our experience the past year confirms our opinion that Carthage and surrounding country is the ideal place for growing strawberries. The soil, climate, fine roadways, plenty of straw for mulching, a strong Co-operative Growers Association with a reputation established for fine berries selling at top prices, surely makes Jasper County the spot to engage in the berry business. When 42 car loads that sold for an average price of \$4.77 per crate are shipped out, it means that there were some good plants grown here. Our own crop averaged \$5.37 per crate. All the reason we can give for that is we just took a little better care of the plants in cultivation, mulching and spraying. That is all there is to it. You see in the catalog a photo of our bed taken last year. Today, the second year, it looks just as good. Your plants will come out of the **new bed planted last spring** and we can supply you this year with **HAVERLAND** and **DUNLAP**. If you want good plants we can furnish them but if any old thing satisfies you just so it is **cheap**, why go to the other fellow. We don't grow or handle that kind. The best is none too good.

VARIETIES—We have only three varieties to offer but they are the ones that produce the berries. That is what you want, "**berries not leaves**". They are all new plants that never fruited; have been sprayed and are in good healthy condition. Varieties are true to name. We live up to our slogan "Every Plant a Live One" and guarantee them to reach you in good live condition. Varieties marked (P) are pistillate or female plants. They require a staminate, or male, plant planted near to pollenize the bloom. The staminates do not require other varieties to fertilize them.

Varieties

HAVERLAND (P)—Plant stocky and healthy but requires a good soil and good care. Is wonderfully productive. Sets so many berries the fruit stalks cannot hold them up off the ground. For this reason in wet seasons it rots badly. Berries are long pointed, well colored and smooth; a fine all round variety that requires good care. It won't stand abuse.

	Per 100	250	500	1000
Price.....	\$1.00	2.25	4.00	7.00

SENATOR DUNLAP (S)—A strong vigorous grower; makes lots of plants and will stand more drought and hard knocks than other varieties. It is a strong staminate and good fertilizer—is very productive of large, well shaped, highly colored berries. The most popular berry in the Missouri River counties.

	Per 100	250	500	1000
Price.....	\$1.00	2.00	3.50	6.00

AROMA (S)—Plant stocky and healthy; a fine plant. Berries are large, smooth and conical in shape—well colored and ripen late. The Aroma is the commercial berry of the Ozarks that is shipped from “Dan to Beer-sheba”—New Orleans to Winnipeg by the train load.

	Per 100	250	500	1000
Price.....	\$1.00	2.00	3.50	6.00

Remember we prepay the parcel post or express charges on all plants.

RASPBERRIES

The raspberry is held in high estimation by nearly everybody as one of the most agreeable sub-acid fruits, not only for dessert but also for making jams, jellies, sauces, etc. Succeeding the strawberry at the beginning of summer when there is little else makes it almost invaluable in supplying the table with delicacies at that season of the year. We find that the Black Caps grown here in Southwest Missouri are nearly free from Anthracnose, a disease that attacks the canes so badly in many places.

Raspberries are divided into two families—the Blacks which propagate from the tips and the Reds from the roots. Dry weather cut the crop of new plants very short last year.

Varieties

CUMBERLAND—This was called by the originator “The Business Black Cap.” It is a very productive variety, medium to late in ripening. The berries are large. Originated in the Cumberland Mountains of Pennsylvania.

	Per 25	100	500
Price for tip plants.....	\$1.00	3.00	12.50

KANSAS—An early variety that ripens its berries all in a few days. Jet black canes—hardy and productive. Originated at Lawrence, Kansas.

	Per 25	100	500
Price	\$1.00	\$3.00	\$12.50

GREGG—An old standard late variety. Berries large and firm.

	Per 25	100
Price	\$1.00	3.00

ST. REGIS—A vigorous, hardy, red variety. First crop prolific but medium in size. Sold by some as an ever-bearer. With us later crops are not of much value.

	Per 25	100
Price.....	\$1.00	3.00

CUTHBERT—This is a late berry, much larger than St. Regis. Not as productive but better quality. In some places susceptible to gall knots on roots, but a fine berry.

	Per 25	100
Price	\$1.00	3.00

BLACKBERRIES

Are sometimes called the poor man's berry. I suppose because they are found growing wild in the woods and pastures and along the roadsides. But the number of wild berries is growing less and less each year, so the only safe plan to be sure of that blackberry jam is to plant and care for a patch of tame berries. By planting early and late varieties the berry season can be made to cover three months of the year and by canning and preserving, a family can have these delicious fruits the whole year round

EARLY HARVEST—Small bushy canes, hardy and productive. Berries medium in size—always ripe at wheat harvest.

	Per 25	100
Price.....	\$1.00	\$3.00

ELDORADO—A vigorous grower, strong, healthy canes. Matures the wood in good condition so does not winter-kill. Canes not much affected by Red Rust. Berries are very large, jet black and easily picked—separate easily from stem. Do not ripen all at once. It is the best all round berry we have ever grown. Stock limited.

	Per 25	100
Price.....	\$1.25	4.00

CURRENTS

The best small fruit for jelly. Also fine for pies when green. The first fruit of the season ready for use.

WILDER—A fine large red variety. Each
Price 25c

PERFECTION—An extra fine Red variety. Each
Price..... 25c

WHITE GRAPE—A good productive white variety. Each
Price..... 25c

Note: Currant bushes offered are Fredonia, New York grown. This means the best on the market.

Currants and Gooseberries not permitted to be shipped from Missouri into Kansas or Oklahoma.

GOOSEBERRIES

This is a valuable berry for planting and while the berries are rather difficult to pick on account of the spines and because the berries are very acid they require lots of sugar, yet there are but few people who will pass up a piece of gooseberry pie when mother makes it..

CHAUTAUQUA—A stocky growing variety productive of large berries.

	Each
Price, 2-year plants No. 1.....	30c

HOUGHTON—Fast growing and very productive of medium size berries.

	Each
Price, 2-year plants	25c
Price, 1-year plants No. 1.....	20c

GARDEN ROOTS

Asparagus and Rhubarb are two necessary things to grow in your garden. The first things ready to use in the spring at a time when people are tired of canned goods—coming before berries are ripe.

GIANT ARGENTEUL ASPARAGUS—A French variety. Per 25 100
 Price, two-year strong roots **.50 \$1.50**

WASHINGTON—A new rust proof variety. Highly recommended by U. S. Department of Agriculture. Per 25 100
 Price 2-year..... **.75 \$2.00**

RHUBARB VICTORIA—2 year divided roots. Each 10
 Price..... **.15 \$1.25**

GRAPE VINES

Our grape display at Missouri State Fair has won many plate premiums and for four years in succession we have won first on best collection—1920-21-22-23, and the display made by my successor won first in 1924—making 5 years straight. In 1925 we won first on plate of Concord and 3d on Display, Carthage grown. This is the last offering of the Boonville stock. On account of drought in the East there is a big shortage of one year vines. Wholesale prices are double those of last spring.

MOORE'S EARLY—A large black grape. Ripens about 10 days ahead of Concord. A popular variety. Each 10
 Price, 2-year **.20 \$1.50**
 Price, 1-year **.15 \$1.25**

CAMPBELL'S EARLY—A large black variety that produces very large compact bunches. Is more productive and we consider it a much better variety than the Moore's Early. Each 10
 Price, 2-year No. 1 **.25 \$2.00**
 Price, 1-year No. 1 **.20 \$1.50**

BRIGHTON—A fast growing variety. Produces large bunches. It is the sweetest and best table grape grown—the one that bees are very partial to.

	Each	10
Price, 2-year No. 1	20c	\$1.50
Price, 1-year	15c	1.25

NIAGARA—A vigorous growing vine, producing very large cream-colored grapes. The most popular white variety.

	Each	10
Price, 2-year	25c	\$2.00
Price, 1-year	20c	1.50

CATAWBA—An old variety that ripens late. A red grape of very fine flavor.

	Each	10
Price, 2-year	25c	\$2.00
Price, 1-year, No. 1	15c	1.25

WORDEN—A vigorous grower productive of large well shouldered bunches of most excellent flavor. Ripens ahead of the Concord and is one of the very best varieties of black grapes grown.

	Each	10
Price, 2-year	20c	\$1.50
Price, 1-year	15c	1.25

CONCORD—This is the old stand-by. The standard of perfection that all others are compared to. More largely planted than all others combined.

	Each	10
Price, 2-year	15c	\$1.25
Price, 1-year	10c	1.00

Write for prices on 100.

*ORNAMENTAL SHRUBS

People are planting more shrubbery each year. To make a home complete it must be planted and adorned with flowers and shrubs. To meet this demand we have added a few ornamental shrubs of the best varieties.

SPIREA ANTHONY WATERER—A dwarf growing variety and a continual bloomer all summer and fall of very small, delicate flowers.

	Each
Price, 18-inch.....	\$0.75
Price, 12-inch.....	0.50

SPIREA VAN HOUTI (or Bridal Wreath)—This is the finest of all spireas.

	Each
Price, 3 to 4 feet.....	\$0.75
2 to 3 feet.....	.50
18 inches.....	0.25

HYDRANGEA ASBORESCENS (or Hills of Snow)—A free bloomer that lasts a long time. A native of Ohio.

	Each
Price, 2 to 3 feet.....	\$0.75
18 to 24 inches.....	0.50

HYDRANGEA PANICULATA—Produces very large flowers late in summer.

	Each
Price, 2 to 3 feet.....	\$0.75
18 to 24 inches.....	0.50

BARBERRY THUNBERGI—This is a beautiful shrub either planted single or as a hedge foliage. Hangs on all winter and changes to a red color and bears red berries which also hang on all winter.

	Each
Price, 3-year 12 to 18 inches.....	\$0.30
2-year 10 to 12 inches.....	0.20

Write for prices on 1 year seedlings.

ROSES

“The Queen of Flowers.” The roses offered were grown in California near Los Angeles. They are desert climate, field-grown plants on their own roots (not budded stock), strong, vigorous plants (not the small greenhouse potted plants) but are plants that will bloom the first year. The very best plants you can buy. Try them.

Those marked (H. P.) are hybrid perpetual—(H. T.) Hybrid Tea Roses.

Note: (We will plant a large bed of roses in the City Park this spring on an order from the City Park Commission of Carthage.)

- MME. CAROLINE TESTOUT** (H. T.) — Clear, bright satiny pink. A free bloomer. The rose that made Portland, Oregon famous as the Rose City.
Each..... 75c
- BETTY** (H. T.)— Exquisite color, being copper over-spread with a beautiful golden yellow. Flowers are very fragrant and large in size. A strong vigorously growing bush. A native of Ireland.
Each..... 50c
- FRAU KARL DRUSCHI** (H. P.) —A vigorous grower, long pointed buds: pure, snow-white, blooms large. One of the largest and best white roses.
Each..... 50c
- RED RADIANCE** (H. T.)—An extra fine red rose very fragrant.
Each..... 75c
- WM. R. SMITH** —Creamy white shaded pink. Beautiful in form and color.
Each..... 75c
- LOS ANGELES**(H.T.)—One of the finest American roses ever introduced; color, luminous flame-pink, toned coral shaded translucent, gold at base of petals, fragrant flowers on strong stems.
Each..... \$1.00
- GEN. McARTHUR** (H. T.) —A bright scarlet-red rose. A fine bloomer and very fragrant.
Each..... 50c
- SUNBURST** (H. T.) —Deep yellow with orange-yellow center. Large, full and beautiful
Each..... 75c
- CRIMSON QUEEN** (H. T.) — Strong grower, large flower, color a rich bright velvety crimson. Always in bloom.
Each..... 50c

New Varieties (H. T.) Very Fine

- COLUMBIA** —A large rose; long, stiff stems, vigorous grower. Color, peach blow pink.
Each..... 75c
- GOLD MINE** —A strong growing variety. Color, beautiful golden yellow.
Each..... 75c

- PREMIER**—Vigorous and robust plant. Dark pink flowers, thornless stems.
Each \$1.00
- SOUVENIR De CLAUDIUS PERNET**—This is considered by florists the finest yellow rose in the world today.
Each \$1.00
- MRS. CALVIN COOLIDGE**—A bright yellow, darkening as flower develops.
Each \$1.00
- SIR THOMAS LIPTON**—Strong and vigorous. Flowers double, and pure snow white,
Each 75c

Climbing Roses

- CLIMBING AMERICAN BEAUTY**—Heavy, strong grower, hardy everywhere. Color, rich red passing to orange.
Each..... 50c
- CRIMSON RAMBLER**—A popular well-known rose. Needs no description.
Each.. 50c
- CLIMBING SUNBURST**—A strong vigorous grower. The flower is the same as on the bush form.
Each..... 75c
- PAUL'S SCARLET CLIMBER**—One of the highest colored roses grown. A flame of scarlet when in full bloom
Each..... 75c

Note: Premier and Pernet Roses sold at wholesale in Chicago this winter at \$30 to \$50 per hundred. Columbia and Mrs. Coolidge from \$20 to \$30 per hundred.

- TANSENDSCHON or Thousand Beauties**—Vigorous grower of pink flowers in large clusters.
Each..... 50c

We are interested in your success so with each order will mail plain printed instructions on how to handle and cultivate plants, bulbs and shrubs.

FLOWER DEPARTMENT

We are not professional florists, but are growing certain lines of flowers such as Cannas, Dahlias, Gladiolus and expect to add others in connection with our other nursery stock, and intend to make a special feature of this department in our new location here at Carthage. We hope to make the corner of Highland and River Streets one of the show places of the town. We shall grow only the very finest varieties in its class. Anything that fails to come up to our standard of excellence will be discarded so our customer may depend on the varieties listed as being the very best of the species, for we cannot afford to waste valuable ground, high priced labor and our own time on worthless varieties of either fruits or flowers.

GLADIOLUS—This is an easy flower to grow and a most beautiful one. Nothing finer for cut flowers, all it lacks is odor. By planting at several different times you can extend the blooming season for a long period.

AMERICA—This is probably the universal favorite of the named varieties. Very vigorous, strong, healthy bulbs. White and pink.

	Each	12	100
Price for strong bulbs.....	5c	50c	\$2.50

SCHWABEN—The finest of all Gladiola of yellow color.

	Each	12	
Price.....	10c	75c	

MRS. FRANCES KING—A strong grower. Long spikes of flame pink flowers. Won second premium on vase at Missouri State Fair, 1925.

	Each	12	100
Price.....	5c	50c	\$2.50

PURITY—A pure white variety, very pretty.

	Each	12	100
Price.....	5c	50c	\$2.50

PRIMULINUS HYBRIDS Vaughans Mix—Very fine delicate flowers, light colors.

	Each	12	100
Price.....	5c	35c	\$2.50

MIXED GLADIOLUS BULBS—All colors.

	Each	12	100
Price.....	4c	30c	\$2.00

MEDIUM SIZE BULBS MIX

	Each	100
Price.....	2c	\$1.00

DAHLIAS

Last year was an off year on Dahlias. They made poor growth with but few flowers and very small tubers which have not kept well. Don't know the reason why. Have lost a number of choice varieties entirely, so only have a few for sale.

C. W. BURTON—A strong growing variety with large yellow flowers. A late bloomer and very fine.

Each
Price **35c**

FLORA DORA—A very deep dark red cactus variety; a profuse bloomer. This Dahlia won first premium on best cactus variety at Missouri State Fair, 1922.

Each
Price **25c**

DELIGHTED—Pure white show Dahlia. Very large. Only a few to offer.

Each
Price **50c**

GOLDEN GATE—This is a magnificent large yellow cactus. One that will please. Only a few bulbs.

Each
Price **50c**

MAUD ADAMS—Color white overlaid a delicate pink. A fine bloomer and a beautiful flower.

Each
Price **50c**

MRS. C. L. SEYBOLD—Peony type crimson tipped and striped white. An extra fine one.

Each
Price **50c**

MIXED VARIETIES—All colors **15c**

CANNAS

Cannas are growing in popularity each year with the new improved varieties. With their large and attractive bloom and the tropical effect of their foliage they brighten up and make a lawn very pretty and well repay all they cost. Plant some Cannas and show your neighbors how nice you can make your home look all summer and fall until frost. The varieties offered are the tested and tried ones.

The very best of their class. All dormant roots. We expect to increase our plantings of Cannas and become headquarters for these bulbs in Southwest Missouri.

KING HUMBERT—Bronze foliage. Grows three to four feet high. Is a free bloomer and produces large red flowers.

	Each 12	
Price, bulbs.....	15c	\$1.00

YELLOW HUMBERT—A sport from King Humbert. Green foliage. Is a continual bloomer of the finest yellow flowers. When you have this variety you need no other yellow, for it is the whole show.

	Each 12	
Price.....	15c	\$1.00

LOUISIANA—Has green foliage. Grows four to six feet high. Is a continual bloomer till frost of very large bright red flowers that make a fine display.

	Each 12	
Price.....	15c	\$1.00

PRESIDENT—Green foliage. Dwarf in growth, only two feet tall. Is a profuse and continual bloomer of very large scarlet red flowers.

	Each 12	
Price.....	15c	\$1.00

APRICOT—Color is a buff-yellow, base overspread with salmon-pink. Fine.

	Each	
Price.....	20c	

FLORENCE VAUGHAN—Green foliage; three feet; spotted yellow.

	Each 12	
Price.....	15c	\$1.00

MRS. ALFRED CONRAD—Green foliage, four feet; salmon pink flowers.

	Each 12	
Price.....	20c	\$1.25

MADAM CROZY—A dwarf growing variety two to three feet. Green leaves; large red flowers with a narrow gold edge. A free and early bloomer.

	Each 12	
Price.....	15c	\$1.00

A NEW APPLE

The Dr. Paillou

Dr. E. R. Paillou, a prominent and well known physician of St. Louis (office in DeMenil Bldg.) who was born and raised at Boonville, Missouri, and who is well known throughout the central part of this state, owns a fruit farm at Sunny Side, Jefferson County, which is under the direction of Alex Brachen. The Doctor bought this place a number of years ago and found on it an old worthless apple tree which soon died down to the ground but sent up four new sprouts from the roots. These the Doctor had three of them cut out leaving the most vigorous to grow and make a new tree. This came into bearing some four years ago and the apples proved to be entirely different from the old original tree. The new tree producing such a wonderful crop of large red apples so attractive in appearance, size and quality that it so pleased him and his friends that he decided to name it for himself. He has placed it in our hands to propagate and disseminate it.

Any man who wants a new fruit to bear his name to perpetuate his memory after he is dead and gone must think he has something extra good to hand down to posterity so we have confidence in this new apple. We feel that it will prove a valuable addition to the list of good varieties and will take its place along the side of the famous Dr. Stayman's wine sap, and we are glad to have a part in its introduction.

We are not going to spend a fortune trying to bring it before the people and then try to sell it at an exorbitant price to get our money back. Neither are we going to "hog" the public by placing any restrictions on its sale. When a man buys a tree and pays for it then it becomes his property to do with it as he pleases.

A very limited number of trees will be ready for sale in the Fall of 1926 and Spring of 1927.

APPLE TREES

We have a small block of one year apple trees that are extra good considering the dry season of 1925. These were grown from scions cut from bearing trees around Carthage. Plant one year apple and train it into a tree that suits you.

Varieties—Yellow Transparent, Chenango Strawberry, Liveland Raspberry, Maiden Blush, Grimes Golden, Stayman's Wine Sap, York Imperial, Jonathan, Delicious and Ingram.

Each

Price, 3 feet and up whips..... 35c

Price, 2 feet to 3 feet whips..... 25c

We also have a few trees in two year apple.

Jonathan, Grimes, Delicious, Chenango Strawberry, Yellow Transparent, Maiden Blush, Stayman's Wine Sap, and Ingram.

Each

11/16-5 to 6 ft..... 50c

9/11/16-4 to 5 ft..... 40c

CHERRY TREES

Each

2-year, 11/16, 5 to 6 ft..... \$1.00

1-year, 11/16, 4 to 5 ft..... .75

Varieties—Early Richmond, Montmorency and English Morello

PEAR TREES

Each

Stand-2 yr. 6 ft75

Dwarf-2 yr. 4 to 5 ft.75

Varieties—Keiffer, Garber, Duchess, and Seckle

PLUM TREES

Each

2-year, 5 to 6 ft..... .75

Varieties — Burbank, Abundance, Shropshire, Damson, Black Beauty.

PEACH TREES

Each

9/16 to 11/16, 5 to 6 ft..... .50

Varieties—Champion, Elberta, J. H. Hale, Ring Old Cling and Krummel's Oct.

These fruit trees are all first class stock. No culls for sale at any price. Packed and delivered at Express Office. Trees cannot go by parcel post.

TESTIMONIALS

Big Cabin, Okla., 1-17-25

H. W. Jenkins & Son,
Carthage, Mo.

Dear Sirs:—I am an old customer, having bought plants from you 30 years ago at Boonville, Mo. I received a bill of vines and strawberries from you last spring and they were just as nice and fresh as those I used to get right out of your nursery at Boonville. Everything I ever received from you was just as you represented it.

Very truly yours,

R. L. Steigleider.

Lees Summit, Mo., 3-31-25

Dear Mr. Jenkins:— I am delighted with the rose bushes. They certainly look good and healthy. Thank you for your promptness.

Lillian C. Herren,

Supt. of Lees Summit Phone Office.

Alba, Mo., 3-31-25

H. W. Jenkins:— My order came all O. K. Pleased with everything. Enclosing check.

H. C. Betebenner.

Pleasant Green, Mo., 3-26-25

H. W. Jenkins:— I have always been pleased with the selection of plants I have got from you.

Mrs. C. W. Decker.

Napton, Mo., 8-24-25

H. W. Jenkins:— The plants received. Were fine plants in fine shape. Have always received nice plants and trees from you.

G. W. Cowan

Picher, Okla., Nov. 27, 1924

H. W. Jenkins:— Received trees in good condition and am well pleased.

Mrs. Sam Stineman

Pleasant Green, Mo., 4-10-25

Mr. Jenkins:— The grapevines and rhubarb I got from you last spring certainly did fine. The vines bore some grapes the first season. Katie M. Eichelberger

Note: If you doubt these testimonials being true, write to any of them, enclosing a stamp for reply and find out.

TERMS

Cash with order or satisfactory references. When you have received your order and examined it and if it is not satisfactory, repack, prepay charges, and return at once and your money will be refunded. After plants are accepted they are yours. We assume no responsibility for failures over which we have no control. But on proof of same will replace free of charge any plants that don't prove true to name.

All transportation charges prepaid, except on trees. A contract fair to both parties.

Ready to serve you,

H. W. JENKINS & SON,

1701 River St., Carthage, Mo.

The prices quoted in this list mean exactly what your plants will cost you delivered either at your mail box or express office here. Trees cannot go by parcel post.

MISSOURI STATE PLANT BOARD

Office of Chief Inspector, Columbia, Mo.

CERTIFICATE OF NURSERY INSPECTION

No. 1c 135

Issued Nov. 10, 1925

This is to certify that in accordance with the provisions of the Missouri Plant Act of 1925, the nursery and premises thereof belonging to H.W. Jenkins & Son of Carthage, Mo., have been inspected by a duly authorized inspector and were found to be apparently free of injurious insects, pests and plant diseases. This certificate is not transferable and may be revoked for cause

This certificate expires September 1, 1926.

L. HASEMAN, Chief Inspector.

SPECIAL NOTICE

On the back cover page will be found an advertisement of our neighbor E. L. PATTEN, **Poultryman**. The fact that we let him use this page should be sufficient evidence that you will get full value received for your money. **A Good Neighbor and Good Chickens.**

A safe man to deal with. "NUFF SAID."
